Page ii90-863161 SEPTEMBER 2000 It is important to note, during any maintenance procedure replacement fasteners must have the same measurements and strength as those removed. Indeed it does. As required, revisions to this manual will be sent to all dealers contracted by us to sell and/or service these products. It should be kept in mind, while working on the product, that the electrical system and ignition system are capable of violent and damaging short circuits or severe electrical shocks. Manual #17 3. 4. My hard copy #14 covers his drive. harringtondav 1. Engines with multipoint fuel injection are equipped with SmartCraft measurement and control system, which provides control of engine operating conditions and onboard equipment of the vessel. Whether it is the Alpha and Bravo robust speakers with smooth, noiseless gear shifting, the long-life Bravo X speakers are all designed and manufactured in the process of tireless and responsible work to ensure high performance and long-term engine life. Again, thanks in advance! Have to apologize, went to see the boat this morning, clean boat, however the owner was a bit confused, it has a 3.0 vice a 4.3, I think I'm still going to go for it, so if it's not too much trouble what is the number of the service manual for a 2006 Mercruiser 3.0 engine. I just purchased a 2006 Sea Ray with a 4.3 Mercruiser (Carb) and an Alpha 1 outdrive. DANGER DANGER - Immediate hazards which WILL result in severe personal injury or death. Never Cheers, mate. Was recently told by a friend ('pal' in 'Murican) that "When men get together, they insult each other without really meaning it. OBSERVE THEM CAREFULLY! These "Safety Alerts" alone cannot eliminate the hazards that they signal. Special marine engine parts have design and manufacturing specifications which are required to provide long life and dependable performance. Strict compliance to these special instructions when performing the service, plus "Common Sense" operation, are major accident prevention measures. When performing any work where electrical terminals could possibly be grounded or touched by the mechanic, the battery cables should be disconnected at the battery. Any time the intake or exhaust openings are exposed during service they should be covered to protect against accidental entrance of foreign material which could enter the cylinders and cause extensive internal damage when the engine is started. Engine Mechanical Components Many of the engine mechanical components are designed for marine applications. Diesel engines can also be used with turntables (Sterndrives), as well as in the tails (Inboards). After further consideration, "mate" means "friend" in Chris speak. I've got two kids, so don't get the wrong idea. All carburetor engines for convenience are equipped with an exclusive launch system TKS. Last edited: Sep 28, 2018 Last edited: Sep 28, 2018 Have to apologize, went to see the boat this morning, clean boat, however the owner was a bit confused, it has a 3.0 vice a 4.3, I think I'm still going to go for it, so if it's not too much trouble what is the number of the service manual for a 2006 Mercruiser 3.0 engine. If not, any electrical or ignition component opening would permit sparks to ignite fuel vapors from fuel system leaks, if they existed. American bolts use radial lines for this purpose, while most American nuts do not have strength markings. Just turn the key in the ignition and the engine is running. CAUTION Hazards or unsafe practices which could result in minor personal injury or property damage. Full list of Mercury MerCruiser engines covered in this manual is below: Mercury MerCruiser offers a range of gasoline engines with both angled tilt speakers (Sterndrives) and reverse gearboxes (Inboards) with high performance from 135 to 425 hp. On this page you can free download service & repair manuals for such sterndrive engines as MerCruiser. WARNING WARNING - Hazards or unsafe practices which COULD result in severe personal injury or death. Unlike automotive engines, marine engines are subjected to extended periods of heavy load and wide-open-throttle operation and, therefore, require heavy-duty components. All engines with a multipoint fuel injection system (MPI) are equipped with an ECM 555 electronic control unit developed by Motorola. achris so much for IPP. Something to ponder... The company produces the widest range of tilt-and-turn speakers in the industry, with models designed for all kinds of boats, from sports to pleasure and racing. I hold his hand often. Can someone tell me the right number for the workshop manuals, like to get them for maintenance. Replacement Parts WARNING Electrical, ignition and fuel system components on MerCruiser Engines and SternDrives are designed and manufactured to comply with U.S. Coast Guard Rules and Regulations to minimize risks of fire or explosion. Use of replacement electrical, ignition or fuel system components, which do not comply to these rules and regulations, could result in a fire or explosion hazard and should be avoided. When servicing the electrical, ignition and fuel systems, it is extremely important that all components are properly installed and tightened. Therefore, fasteners removed should be saved for reuse in the same locations when ever possible. You do not need any suction, no swap, no pre-fill fuel. Using advanced technologies that exceed all expectations for reliability and performance, Mercury MerCruiser stationary engines have every chance in the future to maintain leadership in the field of propulsion systems for water equipment. Again, thanks in advance! Check the link again for #26. Where the fasteners are not satisfactory for re-use, care should be taken to select a replacement that matches the original. We reserve the right to make changes to this manual without prior notification. Refer to dealer service bulletins for other pertinent information concerning the products described in this manual. 90-863161 SEPTEMBER 2000 Page 1 Notice Throughout this publication, "Dangers", "Warnings" and "Cautions" (accompanied by the International HAZARD Symbol) are used to alert the mechanic to special instructions concerning a particular service or operation that may be hazardous if performed incorrectly or carelessly. Thanks in advance!! For the exact, we would need your engine serial number Without that I would say Motor 25 , Drive is 14 and if you have a TKS carb then add 41 also 2006 4.3L manuals Engine - manual # 32 Drive - manual # 14 TKS carb - manual # 41 Dry joint exhaust - manual # 37 .... Thx. When women socialize, they compliment each other without really meaning it. .... Notice to Users of This Manual This service manual has been written and published by the Service Department of Mercury Marine to aid our dealers' mechanics and company service personnel when servicing the products described herein. It is assumed that these personnel are familiar with the servicing procedures of these products, or like or similar products manufactured and marketed by Mercury Marine, that they have been trained in the recommended servicing procedures of these products which includes the use of mechanics' common hand tools and the special Mercury Marine or recommended tools from other suppliers. We could not possibly know of and advise the service trade of all conceivable procedures by which a service might be performed and of the possible hazards and/or results of each method. We have not undertaken any such wide evaluation. Numbers on the heads of the metric bolts and on the surfaces of metric nuts indicate their strength. My mate has a '94 350 Mag, 4 bbl Weber. Mis-matched or incorrect fasteners can result in damage or malfunction, or possibly personal injury. Haha 2. Therefore, anyone who uses a service procedure and/or tool, which is not recommended by the manufacturer, first must completely satisfy himself that neither his nor the products safety will be endangered by the service procedure selected. All information, illustrations and specifications contained in this manual are based on the latest product information available at the time of publication. MerCruiser together with Cummins produces diesel engines under the Cummins MerCruiser Diesel (CMD) brand. Marine engine parts also must be able to resist the corrosive action of salt or brackish water that will rust or corrode standard automotive parts within a short period of time. Failure to use recommended Quicksilver service replacement parts can result in poor engine performance and/or durability, rapid corrosion of parts subjected to salt water and possibly complete failure of the engine. Use of parts other than recommended service replacement parts, will void the warranty on those parts which are damaged as a result of the use of other than recommended replacement parts. What is the manual # for his engine?
